SUMMARY

Full stack developer and U.S. Army veteran with experience in computer/network support and customer service. Recently earned a certificate in full stack development from the University of Central Florida. Skills in JavaScript, CSS and MERN stack (MongoDB, Express.js, Node.js and React.js). With a goal to employ clean and organized code and self-commenting naming conventions to build responsive applications that are easy for other developers and team members to integrate. Excited to leverage my skills as part of a fast-paced, quality-driven team to create applications solving real-world problems and delivering an outstanding user experience.

TECHNICAL SKILLS

Languages: JavaScript ES6+, CSS, HTML, SQL, NoSQL, GraphQL

Applications: GitHub, MongoDB, MySQL
